

# Invasive Species Removal Internship

*No experience required*

**Calero Reservoir  
23105 McKean Rd.  
San Jose, CA 95120**

**- THIS IS AN UNPAID INTERNSHIP -**

**GAIN VALUABLE EXPERIENCE  
WORKING HANDS ON  
IN A PARK SETTING**

*Work Begins Early Spring - Late Fall 2024*  
**APPLY TODAY!**

Managing the spread of invasive species and supporting the growth and well being of native species is a critical roll of land management in 2024.

Student Interns will focus on the mechanical removal of Invasive Species in a riparian area and the interpretation of Natural Resources.

Student Interns will gain experience leading others during public volunteer events while working hands on for the Santa Clara County Department of Parks and Recreation!
